Carl,

We are working with your team on a quick turnaround response.  
Vitter's office called DC yesterday and we connected this am. Please help expedite.

David

**Subject:** Senator Vitter - Camp Minden Status Inquiry

Hi LaWanda,

Thank you for your voicemail. Senator Vitter has some specific questions regarding the ongoing issues at Camp Minden. Apologies if there has been some confusion about what we are seeking to find out. Are you available for a call today with me and Leslie? I have somewhat of an open schedule today except between 12:00-1:30 (ET).

My questions are generally not related to any specific company, but about the overall process and where it stands. I know how busy you must be right now and in an effort to prioritize for the call I have delineated a few of our main questions for your review prior to our call.

1. Has any decision been made on what process will be used?
2. Who is in charge of the process of approval?
3. Does the EPA hold the final decision on what process is used? If not, who?
4. Once the method of disposal is determined, does the EPA determine who the contract is issued to?
5. What other agencies (federal, state, local) provides input into both the process chosen and the contract to carry it out?
  - a. Who needs to weigh in on whether a contract or method is chosen?
6. Are contract terms related to performance surety bonds being considered to ensure the job is completed in time on budget?

If a written response is easiest from your end I understand. Thank you for any assistance you can provide.

Respectfully,  
Josh

Joshua S. Hodges  
Military Legislative Assistant  
U.S. Senator David Vitter
